

Surely human affairs would be far happier if the power in men to be silent were the same as that to speak. But experience more than sufficiently teaches that men govern nothing with more difficulty than their tongues.—Benjamin Franklin.

Silence is the perfectest herald of joy: I were but little happy if I could say how much.—William Shakespeare.

More than three and a half-million yards of cotton are used to make flags each year.

John's Paint and Shade

1944, the Dennee's shop is located in the heart of the business area on Sartori Ave. Mrs. Blanche Macau manages the shop, Harold Dennee, one of the owners, is supervisor of the local store. An anniversary sale is in progress at the shop now.

Slate Basketball League Meet

There will be an organizational meeting of the local adult basketball leagues here this evening at 7:30 p.m. in the Torrance Recreation Department offices. It was announced today by Elmer S. Moon, department official.

All basketball players who are not yet attached to a league team are urged to attend to meet league managers, Moon said.

New Cable Speeds Use of Dial Phones

Moving another step closer to its dial conversion program here, The Pacific Telephone and Telegraph Company announced this week that a \$75,000 interoffice cable is being placed in the exchange to work with the new dial system next summer. The cable is in addition to the major outside plant construction projects, totaling nearly a quarter-million dollars, announced earlier this year and now completed.

To Speed Calls
Manager A. E. Smith said the new cable project will provide nearly 22 million conductor feet

of wire in cable to speed calls from Torrance extended service telephones to Lomita, Wilmington and San Pedro.
Placement of the cable follows the laying of thousands of duct feet of underground conduit here, the manager explained. Huge reels of cable are being pulled through the conduit ducts and cable splicers are performing the intricate task of splicing hundreds of individual wires to complete the circuits.

Dial Phones Soon
"Your telephone company is moving rapidly ahead with its announced dial program for Torrance," Smith stated. "While many steps in the program yet remain to be completed, all telephone plant installation and modification work in the exchange is carrying the company closer to its goal of providing a communications system that will rank with the most modern to be found anywhere in the world."

2 Propositions Supported by College Faculty
Support of Propositions 2 and 24 on the November 4 election ballot has been expressed by instructors and administrators of El Camino College through the College president, Forrest Murdock.

In explaining the reason for this support, Mr. Murdock explained that Proposition 2 will provide for increased state aid to local school districts for current operations. Many factors have contributed to the need for increased state aid, he said, including the fact that there has been a decreased purchasing power of the school dollar within the past few years which has been coupled with phenomenal enrollment increases.

Many of the elementary and high school districts in the Centinela Valley area, Mr. Murdock said, are desperately in need of increased revenues if minimum educational standards are to be maintained.

"After studying the issues involved," Mr. Murdock said, "We believe adjustments in the levels of state support have not kept pace with needs and that the proposal to raise the aid \$33 to the \$180 level is not only justified but imperative."

Proposition 24, Mr. Murdock said, is a state bond issue of \$185,000,000 submitted to the voters by a unanimous act of the Legislature for the purpose of continuing the program of state loans and grants for school construction.

As a service to interested civic groups in this community, a Speakers Bureau has been set up at El Camino College under the direction of Willis Weber. Officers of such groups which might want to receive further information on Propositions 2 and 24 should contact Mr. Weber at El Camino College, Mr. Murdock said, and arrangements will be made for sending a speaker to the group's meeting.

Other committee appointments of persons working to support Propositions 2 and 24 include Tom Wilson, chairman of the Distribution of Materials, and Richard Haley, general chairman.

Flag Football Teams Meet

Flag football teams for the younger set are being now under the joint sponsorship of the Tor-

rance YMCA and the Recreation Dept. Two leagues, one for boys ages 13 and under, and one for boys, ages 14 and 15, are slated, according to Elmer S. Moon of the Recreation Dept.

Organizational meeting and practice games will be held Saturday morning at 9:30 a.m. at three parks: McMaster Park, Walteria Park, and Central Torrance Park, Moon said.

How empty learning, how vain is art, but as it mends the life and guides the heart.—Young.
